

### MaxRack Hanger

A space-saving and versatile bike storage system that packs a lot of bikes into a small area without scratching or tangling. By staggering hangers vertically, bikes take nearly half the amount of floor space than standard bike racks. MaxRacks feature a unique, extended rod that makes hanging and removing bikes easier and a solid steel lock bar for maximum security. Both the front wheel and frame are U-lockable. MaxRacks work with all tires and fenders...guaranteed.

- High-density modular racking solution
- Superior theft resistance
- Attaches to walls, MaxRack Stand or Wall Brackets
- Can be used in combination with our Ramp Racks

Shown Wall Mounted: MaxRack Hangers (MRH)
